Well, the "Rose wedding" is at last

Mr. Maclryn Arbuckle, who has made such a hit in "Why Smith Left Home" and whose special virtue in the estimation of the Houston public is that he is the grandson of Rev. Dr. Castleton, who for years had charge of the First Presbyterian church here, writes that he has made a big success of his engagement with him. They will close the London season about August 1 to open at Madison square, New York, in September. He took part in Miss Nance O'Neill's London matinee of the 26th of June at St. Alban, the Jew. His mother and sister are with him in London, the latter studying painting at Kensington school of art, and the former enjoying her visit to historic England. Miss Maclryn will return to Houston as soon as has been successful every way.

Mrs. Bonner McCraven gave a dainty morning card party complimentary to Mrs. Johns of Washington, D. C., yesterday. Miss Johns' favorite flower, the sun daisy, was chosen for decorations, the brackets glowing in rich clusters on mantel, stand and cabinet. After a merry game of whist, the guests were served with luncheon on the small table that had been the scene of the card battles. The guests were Miss Johns, Miss Lamm, Misses Lizzie and Margella Caldwell, Mrs. W. D. Davis, Miss Carrell, Miss Bryan and Mr. Ellis Carrell.

Mr. Philip Trifiro, who has given as much pleasure to Houston audiences with his clever and very funny readings and who has always been so amiable in giving assistance in matters charitable or patriotic, leaves tonight for Chicago. He will return in two weeks, however, bringing a bride from the Northwest to make a home for him in Houston. The congratulations of his friends are given in anticipation.

Mr. Chadwick gave a sail Friday evening complimentary to Miss Grand of Waco and Miss Nebbett of Eagle Lake. Mrs. Seth B. Strong chaperoned the following party on the cup winning yacht, Nellie Bly. Captain Barney; Misses Grand, Nebbett, Gribble, Ella Gribble, Dennis, Lauder, and Mrs. W. D. Davis. Messrs. Mitchell, Harcourt, Gribble and Asberry. Mirth, music, moonlight and melons, aided by an excellent breeze, made a delightful evening.

The wedding of Judge Herbert Wilson and Miss Nellie Hamilton in San Antonio on the 6th was a complete surprise to Houstonians. Miss Hamilton, who visited her relative, Mrs. Margaret H. Marraat, a very charming lady of excellent family, and Judge Wilson has certainly shown himself to be a judge of women as well as of law in his choice. They are spending their lune de miel at Fort Davis, but will be with Mrs. Marraat after their return.

Mrs. E. B. Parker gave a pretty luncheon on Friday to her young guest, Miss Lola Bourke of Galveston, who is spending the summer with Mr. Parker in his lovely new home on the corner of Hadley avenue and Fannin street.

One of the features of the Friday evening excursion to La Porte was a sailing party composed of Mrs. Rosine Ryland, Miss Eliza Smith, Mr. Stalla, Mr. Spencer, Hutchins, Captain McCormick and Mr. Eugene George.

The Junior Christian Endeavors of Westminster Presbyterian church gave the Seniors a pleasant watermelon feast on the lawn at Mr. Dixon's residence, 1814 McKinney Avenue, Friday evening.

Sheltering Arms Association.

The following report has been made by the secretary of the Sheltering Arms association:

Report from Easter, 1898, to July, 1898:

A report of the work of the Sheltering Arms association since April shows that the working members have been diligent and faithful. Our president, Mrs. Seabrook Snyder, and our vice president, Mrs. W. W. Crane, and other active members have been very kind and sympathetic and advice to the many who come upon them. Nearly every day recounts some appeal, some one to shelter, some one to minister to, and some footsore and weary who have returned. Many of them have come to the home and found a welcome belong to the Presbyterians, and Methodists, and Baptists, and Roman Catholics. Our work is universal, and which means for "all." The Sheltering Arms are ever open wide, to take in from the rugged path of suffering the helpless ones. The work of the high ability have ceased during the winter, but the work which needs constant, vigilant attention, and we deem it expedient to have our regular weekly business meetings, and our regular religious and social charity to attend our meetings—and take part in the work.

To look on and hear is not to be interested, but to help, and to send a most propitious time. So many of our active members have left the city, which reduces our force to a few. Some of our members have gone away, some have been called to other homes, and some have died. Among these last we have lost our beloved treasurer, Mrs. Dunbar, who has moved to Dallas. For the past four years she has been the business manager of the Sheltering Arms, and we were loath to give her up. Mrs. Shaefer was unanimously ushered into the important position, for which she has kindly accepted, and for which we are most grateful to her.

Resorts to means for making money must occupy the minds and hands of the working members. The Sheltering Arms requires no small amount to keep the home in running order. Our donations from the sources, which assist us in maintaining the home, are not sufficient to enable us to do not, solely depend upon them; and from time to time we must do something to replenish our treasury. Our Rose Fete and other socials, which is a nature we wish to repeat very often, are one of our means of support. We need only to mention it to remind us of the lovely entertainment, not so remunerative as we desired, but which has been a success, succeeding one more and more a success.

For the want of means we have not been able to complete our plan of building a new home. Our president, Mrs. W. W. Crane, our chairman, reports the situation as it now stands that there are two rooms that can be used for patients; also one for a trained nurse. In case any of our patients should be unable to send patients, they could be comfortable in the south rooms upstairs. We lament we are not able to complete our building, as particularly the money is needed to send patients on charity property. We have furnished one room, but still need furniture for another. In our work we need a telephone. We have had the money paid for it, but we have had the promise and almost felt happy in the possession of one, but alas! not yet; like Pandora's box, however, hope remains. May this one hope be the last, and the money be given over it lies to grant us so great a help.

The offering in Christ church one Sunday in the year is given to the Sheltering Arms. Would it be asked too much for such an offering from those who send their homeless, needy ones to us?

The weekly visiting committees have done good work in coaxing the inmates to keep the house neat and clean. It is a part of our Christian teaching that "cleanliness is godliness," that "order is heaven's first law," that such be conspicuous in the lives of the inmates, and that conformity to the by-laws be rigidly enforced for the peace of all within and without the walls.

Mrs. Peterson in her care of the flowers, nature's loveliest gifts, has done much to adorn and give an air of refinement to the abode. She is kind in receiving visitors, and is especially kind to the poor, who make donations, and makes mention in her several reports.

Mrs. Aves, our priest in charge, is not with us at our midsummer meetings. We hope to see her soon. Our association is now dispensing pleasure to many in cooler breezes, in his "cottage by the sea."

Mrs. Crane, always ready, and knowing the next best thing to be done for the Sheltering Arms, recently visited the cemetery lot, had it up in order and the flowers painted. The gift of the patients and the help of the Butts and Randolph & Sons. So many of these kind offerings are as marks of man's compassion to man, which will stand in the realm of the hereafter, and the joy of the here and glittering pleasures, like the crumpled rose leaves, will have faded away; the cry, "Footprints on the sands of Time."

Secretary of Sheltering Arms.

The matron's report was as follows:

Ladies of the Sheltering Arms Association.

I feel that I have a great deal to report to let you know what has been done since Easter and to endeavor to bring our work before the public once more. Some of our work has been done in the past, and there are some who wish to remind of their promises to assist us when we had our house full and needed more furniture. Up to date we have had sixty-five inmates, and we have had a great deal of work. I think the charter of this institution reads, "Old and destitute females." Am I correct? All who have asked were really in need.

We are now "full to overflowing," so the matron has had to use the sitting room for her bed room to accommodate the inmates. We have two rooms unfurnished; one for the patients and one for the furniture; in the other there is a lounge and nothing else.

Since my last report we have had two who remained only a few days and who were sent to the hospital. We have had many who could not find words to express their gratitude to you for your assistance and protection, as they were strangers in the city. We have had a great deal of work, but a time when "homes" were more needed; but I fear there will be need for more still since the floods, as I think there will be sickness in the future. ALLEGHANY SPRINGS.

Alleghany Springs, Va., July 10.—W. D. Cleveland, Jr., and his sister, Miss Alice Cleveland, of Houston, are at the Allegany for the summer. Miss Cleveland has patience and industry in a certain direction. A few days ago, after fishing hours in Roanoke river, she caught an enormous perch, three inches long.

Miss Beatrice Angel and her sister, Mrs. C. A. Calhoun, Jr., both former citizens of Alleghany, have gone to Virginia Beach for a few days.

James H. Strother of the Merchants and Planters' bank, Sherman, Texas, is here.

Among other recent arrivals are Mrs. W. B. Peters, Mr. Don P. Peters, Mrs. Noah Davis and Miss C. B. Davis, University, Va.; Mrs. Henry Lipps, New York; H. Lash and wife, North Carolina; Mrs. M. E. Norfleet, Miss Ellen Norfleet and George E. Norfleet, Winston, N. C.; Mr. and Mrs. John Witt, Mr. and Mrs. Bigbee, Miss Jennie Bigbee, Norfolk, Va.; William V. Wilson, Jr., Lynchburg, Va.; Miss Kate Edmunds, Lynchburg, Va.; Mrs. John L. Watson, Portsmouth, Va.; Miss Watson, Portsmouth, Va.; Mrs. Nina Martin, Miss Eugene Marie, Miss Hazel Martin, Fontaine Martin and J. H. Martin, Memphis, Tenn.; J. T. Shields, New York.

Many of society's elite are coming it each day, but the "smart set" came early and appropriated the best of everything.

Some one told me in all earnestness that the water of Alleghany's springs even wrinkles! Perhaps that's why it is so popular.

C. Strother.

When death comes to the door of a strong, rugged, healthy constitution he finds it closed. He is always

around looking for openings through which he can invade happy homes and leave them forlorn and desolate.

He looks for weak places and broken doors which can be easily battered down. When a man's vigor and energy begin to weaken and become uncertain, then the door to his vitality grows

shaky and there is an opening for the grim visitor to enter.

It is commonly said that people die of this or that particular disease. The truth is they die of constitutional weakness. If more people realized this they would understand why the great Golden Medical Discovery, which Dr. Pierce of Buffalo, N. Y., cures so many cases of lingering coughs, throat, bronchial, and kindred affections of the air passages.

It gives thorough abundant constitutional vitality. It gives the digestive and blood-making organs, where consumption usually begins, power to do their work completely so that no poisonous drugs can get into the circulation to fasten on the lungs and vital tissues.

"I have been troubled with bronchitis for several years," writes Mrs. Orilla O'Hara, of Ferguson Falls, Minn. (Box 142). "In the first place I had sore throat; irritated with different doctors and took various medicines, but got no lasting relief. We made up our minds to try the medicine advertised as Dr. Pierce's Golden Medical Discovery. After I had taken one bottle we thought we could see a little change. We sent and got another bottle of the 'Golden Medical Discovery.' I took them liberally, and in a few days began to feel better. After I had taken three bottles of Golden Medical Discovery and two of Dr. Pierce's Prescription, and, really, I feel better than I have in twenty years."

Dr. Pierce's Common Sense Medical Adviser, a 1000 page illustrated book, will be sent free by the World's Dispensary & Medical Association, if you will send a small post paid stamp for mailing only, or a small substantial one—bound only, or a small
